

# Iron Terminator

10333  
EN

Iron Terminator cracks down even the most stubborn ferrous contaminants, turning dark red when it begins to react. Well-balanced pH make it safe for all kinds of rims, including alloy, painted or multi-part, as well as painted surfaces of car body. Iron Terminator easily removes iron particles, brakedust and corrosive deposits to deep-clean the paintwork and prevent any surface imperfections. High effectiveness along with improved smell ensure unexpected comfort of work.

Directions: 1. Shake the bottle well and turn the nozzle to <ON>. 2. Spray about 10 cm from the cleaned surface. Apply on cool surfaces and in a shaded area. 3. Let it react for a few minutes, the colour will turn dark red. In case of stronger dirt, use additionally sponge or soft brush. 4. Rinse well with high-pressure water. 5. Repeat steps 1-4, if needed.

Contains: ammonium mercaptoacetate; D-glucopyranose, oligomeric, C10-16-alkyl glycosides; d-limonene.

Harmful if swallowed. May cause an allergic skin reaction. Causes serious eye damage. Harmful to aquatic life with long lasting effects. Keep out of reach of children, Avoid release to the environment. Wear protective gloves/protective clothing/eye protection/face protection. IF SWALLOWED: Call a POISON CENTRE/ doctor if you feel unwell. IF ON SKIN: Wash with plenty of water. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER/doctor.
