

Surface 00238 Smoother Mini EN

A high quality, deep-cleaning clay bar for automotive use, it removes metallic residues, road grime, tree sap, and other dirt. As a higher abrasion clay bar, Surface Smoother Mini will be an excellent choice when you want to carry out a deep cleaning and decontamination of your vehicle's paintwork. Use with a solution of water and car shampoo, or with a special lubricant.

Directions: 1. Prepare your car's body by carefully hand-washing it with a pH-neutral shampoo. 2. Spray the area to want to work on with water/shampoo solution or a lubricant, and rub the clay bar on the car's body. 3. If the surface of the clay bar gets dirty, fold it again it and continue using the clean surface.

! Never resume work with a clay bar that has fallen to the ground. This may scratch the paint.

Warning! Hazardous respirable dust may be formed when used. Do not breathe dust.
