

# BLACK BLACK - Hard Coat for Tire

02082  
EN

Liquid coating for nourishing and protecting tyres. Strongly intensifies the black colour and leaves a crisp finish. Protects tyres from dirt, repels water, and makes everyday maintenance easier. Lasts up to 2 months.

Directions: 1. Prepare the tyres by using a recommended product – e.g. Stain Cleaner. 2. Shake the bottle well before opening. Pour a small amount onto the black side of the supplied applicator. 3. Spread the agent evenly over the entire surface of the tyre's sidewall. Repeat until a satisfactory level of coverage is achieved. 4. Leave to dry for -5-10 minutes.

Contains: propan-2-ol.

Highly flammable liquid and vapour. Causes serious eye irritation. May cause drowsiness or dizziness. Keep out of reach of children. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Avoid breathing vapours/spray. Wear protective gloves/eye protection. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Dispose of contents/container to properly labelled waste containers according to national law.
