

Digloss Gira Edge

02087
EN

Digloss GIRA EDGE protects the tires and gives them smooth and thick glossy layer. The applicator known from Glaco Blade is extremely handy and curved to fit the shape of tires perfectly. Especially useful with low-profile tires and bottom parts that are usually more difficult to cover.

Directions: 1. Be sure to remove any sticky or unwanted residue, as well as old tire wax to prevent unevenness. Do not apply onto wet tires. 2. Shake the bottle well, remove the cap and spread the glosser evenly letting the fluid out. 3. Dry for approximately 5-10 minutes. No need to wipe off.

Causes serious eye irritation. Keep out of reach of children. Wear eye protection. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. **If eye irritation persists:** Get medical advice/ attention. Dispose of contents/container to properly labelled waste containers according to national law.
