

Wash Mist Plus

02188
EN

Wash Mist PLUS is a revolutionary agent designed for cleaning and hygiene-oriented maintenance in your car's interior, home & more. Removes dirt, dust and greasy spots, neutralising odours and microorganisms. Thanks to its reinforced formula, Wash Mist PLUS creates an active film on the cleaned surface which blocks development of harmful bacteria for around 7 days, reducing dust accumulation. Works perfectly on plastics, faux-leather, LCD screens, glass, fabrics and other surfaces.

Directions for use: 1. Shake the bottle slightly. 2. For textiles and glass, apply the product directly to the surface and wipe with a dry microfibre cloth. 3. For plastics and LCD screens, apply the product to the microfibre cloth and clean the surface with it.

(!) To maximise the antibacterial action and neutralise odours on fabrics, apply more product until the surface gets damp. Then, wipe with a dry microfibre and leave to dry.

Flammable liquid and vapour. Keep out of reach of children. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water or shower. Store in a well-ventilated place. Keep cool. Dispose of contents/container to properly labelled waste containers according to national law.

Components according to Regulation on detergents 648/2004/EC as amended: non-ionic surfactants < 5% preservation agents (METHYLCHLOROSOTHIAZOLINONE, METHYLISOTHIAZOLINONE).
