

Glaco De Cleaner

04111
EN

Glaco De Cleaner quickly and effectively removes dirt from glass surfaces, without streaks or smears. At the same time, the hydrophobic additive will complement and boost previously applied Glaco coatings. The unprotected windows will be able to repel water at speeds as low as 60 km/h. Using the product regularly guarantees safe and comfortable driving all year long.

Directions: 1. Shake the bottle well and turn the nozzle to ON, 2. Spray it keeping it 15 – 20 cm away from the glass' surface. When used on the inside of the glass, we recommend applying on a microfibre and then cleaning the glass, which will help to protect the interior components from stains. 3. Wipe off the residue with a clean towel or microfiber.

Contains: propan-2-ol.

Flammable liquid and vapour. Causes serious eye irritation. May cause drowsiness or dizziness. Keep out of reach of children. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Avoid breathing vapours/spray. Wear protective gloves/eye protection. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Dispose of contents/container to properly labelled waste containers according to national law.

Components according to Regulation on detergents 648/2004/EC as amended: preservation agents (METHYLCHLOROISOTHIAZOLINONE, METHYLISOTHIAZOLINONE, 2-BROMO-2-NITROPROPANE1,3-DIOL).
