

# Neutral Shampoo Creamy Type

04280  
EN

An effective, easy-to-use and completely safe car shampoo. It creates a thick and abundant foam, ensures excellent glide of the sponge or washing glove and removes even the most difficult road dirt. Thanks to its neutral pH, it is safe for waxes and coatings. It can be easily rinsed off even when completely dry. It can be used directly on the sponge or as a solution with water. The shampoo has a delicate mint fragrance.

Directions: 1. Pre-wash the car to remove loose dirt (mud, sand, dust) from the bodywork. 2. Apply the shampoo directly to a wet sponge or washing glove or prepare a solution with water (-100 ml of shampoo per 8-10L of water). 3. Wash all vehicle components thoroughly, frequently rinsing the sponge or glove in clean water. 4. Rinse off the foam that has formed on the bodywork and dry the car using an absorbent microfibre towel.

Contains: alcohols, C10-16, ethoxylated, sulfates, sodium salt.

Causes serious eye damage. Keep out of reach of children. Wear eye protection. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER/doctor. Dispose of contents/container to properly labelled waste containers according to national law.

Components according to Regulation on detergents 648/2004/EC as amended: anionic surfactants < 5% perfumes preservation agents (2-BROMO-2-NITROPROPANE-1,3-DIOL, METHYLCHLOROISOTHIAZOLINONE, METHYLISOTHIAZOLINONE).
