

Anti-Fog Spray

05060
EN

An exceptionally effective window coating that blocks fogging and moisture build-up. Perfect for improving the driving comfort, especially in wet conditions. It prevents window fogging and repels dirt, thus improving visibility and driving safety. The aerosol form generates a dense foam that facilitates accurate application.

Directions: 1. Thoroughly clean the glass surface and dry it. 2. Apply foam to the glass surface. 3. Rub with a soft microfibre until the glass is perfectly clear. ! Protect neighbouring parts and remove any residue immediately.

Contains: 2,2'-iminodiethanol.

Extremely flammable aerosol. Pressurised container: May burst if heated. Causes serious eye damage. Keep out of reach of children. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Do not spray on an open flame or other ignition source. Do not pierce or burn, even after use. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER/doctor. Protect from sunlight. Do not expose to temperatures exceeding 50°C. Dispose of contents/container to properly labelled waste containers according to national law.
