

Emblem Remover Kit

09164
EN

A simple and extremely useful accessory created to help remove adhesive-fixed emblems from the paintwork. Quickly and without damage, it detaches badges, emblems, and other elements from the paint surface. Indispensable during paint correction and for visual modifications.

Directions: 1. Make sure the emblem is only attached using an adhesive (not bolted/screwed on, Check with vehicle manufacturer if unsure), 2. Insert the string between the emblem and the paintwork and tighten it carefully, 3. Move the string in a steady and smooth, swinging motion by pulling the two handles in a coordinated manner, 4. Once disattaching the emblem, remove eventual adhesive residue from the paint using the liquid provided.

Contains: kerosine (petroleum); solvent naphtha (petroleum), light arom.; 1,2,4-trimethylbenzene; cumene,

Flammable liquid and vapour, May be fatal if swallowed and enters airways, Causes skin irritation, Causes serious eye irritation, May cause respiratory irritation, May cause drowsiness or dizziness, May cause cancer, Toxic to aquatic life with long lasting effects, Keep away from heat, hot surfaces, sparks, open flames and other ignition sources, No smoking, Avoid breathing vapours/spray, Avoid release to the environment, IF SWALLOWED: Immediately call a POISON CENTER/doctor, IF ON SKIN (or hair): Take off immediately all contaminated clothing, Rinse skin with water or shower, IF exposed or concerned: Get medical advice/ attention, Do NOT induce vomiting, Dispose of contents/container to properly labelled waste containers according to national law.
