

# Luxury Gloss

10163  
EN

Liquid wax with a rich formula that instantly gives paintwork spectacular shine, colour depth, protection and darkening. Provides extraordinary smoothness and a hydrophobic effect, thus reducing dirt adhesion. Facilitates the ongoing care of the paint. Can be used as a stand-alone protection or as a boost to previously applied waxes. Thanks to its water-based formula, it can be applied on wet or dry surface.

Directions: 1. Pre-wash the car, then hand wash it with Soft99 Neutral Creamy Shampoo. Optionally dry with an absorbent microfiber towel. 2. Make sure the paint is cool and avoid working in direct sunlight. 3. Shake the bottle and apply a small amount of agent to a wet or dry paint. 4. Polish off with a soft microfibre until you achieve perfect shine. ! The agent applied on dry lacquer will exhibit greater durability.

The product is not classified as hazardous for human health and life and for the environment.
