

# Luxury Leather

10335  
EN

An excellent product for comprehensive care of leather and synthetic leather upholstery, as well as leather and plastic interior elements. Luxury Leather easily removes everyday dirt and moisturises leather surfaces, protecting them from drying and cracking. It's also the perfect product for effortless refreshment of plastic, vinyl or synthetic leather surfaces. It will intensifying faded colours and highlight the original texture, bringing back the leather's fresh, natural look and original gloss, without stickiness or excessive moisture.

Directions for use: 1. Apply a small amount directly onto the leather surface. In case of perforated or ventilated leather, apply the product onto a microfiber cloth and then spread the agent on the surface. 2. Wipe the surface several times in order to remove dirt and evenly spread the agent. 3. Wait approximately 20 minutes for the surface to absorb the agent.

Keep out of reach of children. Dispose of contents/container to properly labelled waste containers according to national law.

The product is not classified as hazardous for human health and life and for the environment.

Components according to Reg. No 648/2004/EC on detergents as amended: Contains: anionic surfactants (<5%), soap (<5%), perfumes (LINALOOL), preservation agents (BENZISOTHIAZOLINONE).
